Vocational Training Concept

Vocational Training Concept

3 Years Program based on the German Syllabus, but if possible in ENGLISH.

The first 2 years the students should be trained in China by German and Chinese teachers.

In the third year the students will stay 3 consecutive months in Germany to receive additional training and to do the final examination to obtain the GESELLENBRIEF.

Vocational Training Concept

Concept:

3 Years Program:

China – China – Germany

Year 1 and 2 in China:

Four days theoretical training in the college

One day practical training in a company or laboratory

Year 3 in Germany:

3 months intensive training in English, if possible

Final exam with diplom / certificate (Gesellenbrief)

Vocational Training Concept

Technical College in China:

The technical college will provide the facilities to enable a top quality vocational training in all mechanical and electrical education streams.

The training shall be carried out by Germany teachers and supported by skilled Chinese teachers.

Facilities: Classrooms, laboratory, CNC machines,

Vocational Training Concept

From Zero to One Thousand:

First year: 90 students

In 5 years: 1,000 students

This target would require more German resources, like additional schools in Schleswig Holstein or other places.

What are the Benefits for VTCN and Schleswig Holstein?

- Income by school fees
- Making Neumuenster and SH known to a part of China
- Creating opportunities....

Vocational Training Concept

We would like to discuss with you the following :

- 1) Are you basically interested in this kind of cooperation?**
- 2) Could you help us to fine-tune the concept?**
- 3) Could you hold the classes in English?**
- 4) Could we start with TOOL-MAKER or similar?**
- 5) How many classes per year could you manage, if each class is max. 30 students?**
- 6) How much would be the education fee per class you have to charge for the 3 months session?**

Vocational Training Concept

When can we meet to talk about this concept?
